ACKNOWLEDGMENTS

Appreciation is expressed to the following firms, associations, or agencies who provided grant support for research in the beef cattle program.

Archer Daniels, Midland, Colo., Columbus, Neb.
Cargill Corn Milling, Blair, Neb.
Nebraska Center for Energy Sciences Research, University of Nebraska, Lincoln, Neb.
Elanco Animal Health, Indianapolis, Ind.
Intervet/Shering-Plough, Millsboro, Del.
Nebraska Beef Council, Kearney, Neb.
National Cattlemen's Beef Association, Centennial, Colo.
Nebraska Cattlemen, Inc., Lincoln, Neb.
Nebraska Corn Board, Lincoln, Neb.
North Central Region, Sustainable Agriculture Research & Education Program, USDA

Pfizer Animal Health, New York, N.Y.
Poet Nutrition, Sioux Falls, S.D.
The Beef Checkoff, Centennial, Colo.
University of Nebraska Program of Excellence Funding
USDA Animal Health Research and Disease Program
USDA NRCS Conservation Innovation Grant
USDA-CSREES Grant # 2005-55101-16369. Managed Ecosystems
USDA/NIFA Nebraska Animal Health Funds
USDA Ruminant Reproduction W1112 Regional Research Project
Vet Life, West Des Moines, Iowa

Appreciation is also expressed to the following firms who provided products or services

American Angus Association, St. Joseph, Mo.
Archer Daniels Midland, CO, Columbus, Neb.
American Gelbvieh Association, Westminster, Colo.
American Hereford Association, Kansas City, Mo.
American Simmental Association, Bozeman, Mont.
American-International Charolais Association, Kansas City, Mo.
Boehringer Ingelheim Vetmedica, St. Joseph, Mo.
Cargill Corn Milling, Blair, Neb.
Cargill Meat Solutions, Wichita, Kan./Schuyler, Neb./High River, Alberta, Canada
Dixon County Feedyard, Allen, Neb.
Elanco Animal Health, Indianapolis, Ind.
Fort Dodge Animal Health, Overland Park, Kan.
Greater Omaha Pack, Omaha, Neb.

Intervet, Millsboro, Del.
Iowa Limestone, Des Moines, Iowa
Liquid Feed Commodities, Fremont, Neb.
Mead Cattle Co., Mead, Neb.
Merial Igenity, Deluth, Ga.
North American Limousin Foundation, Centennial, Colo.
Novus International, Inc., St. Charles, Mo.
Pfizer Animal Health, New York, N.Y.
Pharmacia Upjohn, Kalamazoo, Mich.
PharmAgra Labs, Inc., Brevard, N.C.
Red Angus Association of America, Denton, Tex.
Rex Ranch, Ashby, Neb.
Tyson Foods, Inc., Dakota City, Neb.
USDA Meat Grading and Certification Branch, Omaha, Neb.

Appreciation is also expressed to the following Research Technicians, Unit Managers, and Crew involved in the Research Programs at our various locations.

Agricultural Research & Development Center, Ithaca

Josh Benton	Brian Lashley	Ken Rezac
Jeff Bergman	Steve Maser	Mark Schroeder
Lyle Blase	Allison Miller	Matt Sullivan
Dave Cajka	Karl Moline	Doug Watson
Will Griffin	Chuck Rezac	Dan Wiley
Sarah Hersh		

Gudmundsen Sandhills Laboratory, Whitman

Andy Applegarth	John Nollette	Jacki Musgrave
C.R. Jewell	Jay Holthus	

West Central Research & Extension Center, North Platte

Kevin Jess	T. L. Meyer	Jim Teichert
------------	-------------	--------------

Dalbey Halleck Farm

Mark Dragastin

Department of Animal Science, Lincoln

Nerissa Ahren	Tommi Jones	Lindsey Salestrom
Crystal Buckner	Jill Kerl	Calvin Schrock
Virgil Bremer	Clyde Naber	William Pohlmeier
Vanessa Brauer	Brandon Nuttelman	Jacqueline Smith
Ruth Diedrichsen	Kelsey Rolfe	

Panhandle Research & Extension Center, Scottsbluff

Nabor Guzman	Paul McMillen
Stephanie Furman	Doug Pieper

Northeast Research & Extension Center, Norfolk

Kevin Heithold	Lee Johnson	Leslie Johnson

Table of Contents 2010 Nebraska Beef Cattle Report

Cow/Calf

Winter Grazing System and Supplementation of Beef Cows During Late Gestation Influence Heifer Progeny	5
Influencing Steer Performance Through Maternal Nutrition	8
Integration of DNA Marker Information into Breeding Value Predictions	11
Granulosa Cell Gene Expression is Altered in Follicles from Cows with Differing Reproductive Longevity	13

Growing

Performance of Growing Cattle Fed Corn Silage or Grazing Corn Residue from Second Generation Insect-protected (MON 89034), Parental, or Reference Corn Hybrids.....	16
Nutrient Composition of Spoiled Wet Byproducts Mixed and Stored with Straw	18
Use of Dry Rolled Corn, Dry or Wet distillers Grains Plus Solubles as an Energy Source in High Forage Diets for Growing Cattle.....	20
Effect of Corn Hybrid on Amount of Residue Available for Grazing.....	22
Supplementing DDGS to Steers Grazing Smooth Bromegrass Pastures	24
Economic Analysis of Supplementing DDGS to Grazing Cattle	26
Replacement of Grazed Forage with WDGS and Poor Quality Hay Mixtures.....	28
Supplementing Modified Wet Distillers Grains with Solubles to Long Yearling Steers Grazing Native Range.....	31
Effect of Stocking Rate on Animal Performance and Diet Quality While Grazing Cornstalks	33
Digestibility of Crop Residue after Chemical Treatment and Anaerobic Storage	35

Finishing

Economics for Feeding Distillers Grains to Finishing Cattle	37
Meta-Analysis of Feeding Calf-feds or Yearlings Wet Distillers Grains with Different Corn Processing.....	40
Impact of Distillers Grains Moisture and Inclusion Level on Greenhouse Gas Emissions in the Corn-Ethanol-Livestock Life Cycle.....	42
Performance and Carcass Characteristics of Finishing Steers Fed Low Fat and Normal Fat Wet Distillers Grains	44
Review: Lipid Addition to Corn Finishing Diets	46
Comparing Different Drying Methods for Distillers Grains and Its Effect on Feedlot Cattle Performance.....	48
Comparing Dry, Wet, or Modified Distillers Grains Plus Solubles on Feedlot Cattle Performance	50
The Effect of Drying Distillers Grains on Nutrient Metabolism.....	53
Effect of Feeding More than 70% Wet distillers Grains Plus Solubles on Feedlot Cattle Performance	55
Effects of Feeding a Combination of Modified Distillers Grains Plus Solubles and Wet Corn Gluten Feed to Adapt Cattle to Finishing Diets.....	57
Effect of Source and Level of Sulfur on Rumen Metabolism and Finishing Performance.....	60
Effects of Sulfur Concentration in Distillers Grains with Solubles in Finishing Cattle Diets	62
Effects of Adaptation Diets Containing Wet Distillers Grains with Solubles or Wet Corn Gluten Feed on Ruminal pH, Intake and Hydrogen Sulfide	65
Effects of Sulfur Content of Distillers Grains in Beef Cattle Finishing Diets on Intake, Ruminal pH, and Hydrogen Sulfide	68
Economic Impact of Sulfur Levels in Distillers Grains Diets Fed to Beef Cattle	70
Effects of Lactobacillus Acidophilus and Yucca Schidigera on Finishing Performance and Carcass Traits of Feedlot Cattle	72
Feeding Strategies of Optaflexx on Growth Performance and Carcass Characteristics of Feedlot Steers	74
Feedlot Cattle Performance When Fed Silage and Grain from Second-Generation Insect Protected Corn, Parental Line or Reference Hybrids	76
Effects of Glycerin in Steam Flaked Corn Feedlot Diets	78
Protein, Fiber, and Digestibility of Selected Alternative Crops for Beef Cattle	80
Mud Effects on Feedlot Cattle	82
Effect of Pen Cleaning Frequency and Feeding Distillers Grains and Wheat Straw on Nutrient Mass Balance and Performance of Feedlot Steers.....	84

Relationship Between Morbidity and Performance in Feedlot Cattle.....	87
Effects of a Dietary Antioxidant on Performance and Carcass Characteristics of Feedlot Cattle With or Without WDGS.....	90

Beef Products

Effects of Feeding High Levels of Wet Distillers Grains and Straw on Beef Cattle	92
Low-fat Wet Distillers Grains and Beef Quality	96
Shelf Life of <i>m. longissimus lumborum</i> from Beef Fed Antioxidants and Wet Distillers Grains	100
Effects of the Synthetic Antioxidants on Shelf Life of <i>m.psoas major</i> and <i>m. triceps brachii</i> Muscles from Beef Fed Wet Distillers Grains.....	103
Intramuscular Tenderness and Muscle Fiber Orientation of Beef Round Muscles.....	105
Marketing Source-Verified Beef to Restaurant Patrons.....	109
Statistics Used in the Nebraska Beef Report and Their Purpose	113
